from **52,35 EUR**

Item no.: 386835
shipping weight: 2.50 kg
Manufacturer: Philippi Design

Product Description

A CAVE FULL OF CANDLES The ultra-chic lanterns look so outrageously good even before the first candle is lit. Even in daylight, they create a fascinating, almost architectural latticework, a sculpture. Only in the early evening hours does the filigree construction unfold its full splendour with a fascinating play of light. Thanks to the protective glass cylinder for block candles, OSLO is particularly suitable for outdoor use. Non-slip, in two sizes, the trendy colour scheme enhances any neoteric interior, there's no wobbling.- Material: powder-coated steel - Glass- Weight: 2.90 kg- Length: 30 cm- Width: 30 cm- Height: 20 cm
