Product Description

Product information "Sea breeze" The fragrance with that certain breeze ... you can only love it. KNOX incense candles so good selected raw materials of the best quality are freshly ground and processed immediately. Dried in a gentle process, the natural raw materials and ingredients are preserved and give the incense candles from old, traditional recipes their unmistakable flavour and traditional fragrance. The incense candles have an almost unlimited shelf life without losing their pleasant fragrance. Suitable for incense burners from a size of 15 cm, of course also for our popular metal incense burners!
