### Product Description

With this beautiful hot dog set, you can play sausage vendor or barbecue and invite people over for dinner in the garden. It's great to be outside and let off steam, but it also makes you damn hungry. So why not satisfy the family's hunger with a homemade hot dog? Of course, the game can be expanded with other Green Garden sets, all of which encourage play, learning and exploration at home. Combine the hotdog set with the barbecue set and invite even more people to your barbecue party. The Green Garden universe invites you to playfully engage in many of the everyday tasks associated with tending a (vegetable) garden. Between the tasks, there should of course also be time for a break in a cosy corner of the garden - perhaps with a hot dog in the warm sun. The hotdog set is a Dantoy toy made in Denmark from plastic with a swan label. It consists of 9 pieces in the new, calm Green Garden colours. The recommended age group for this product is 2+ years.
