Product Description

With this great barbecue set, anyone and everyone can play barbecue master and invite people over for dinner in the open air to the smell of summer and barbecue charcoal. It's great to be outside and let off steam, but it also makes you damn hungry. So why not satisfy the family's hunger with a tasty barbecue meal? This toy can be perfectly extended with other sets from the Green Garden series, all of which encourage outdoor play, learning and exploration. Combine this set with the hot dog or salad set, for example, so that even more people can enjoy a barbecue outside. The Green Garden universe invites you to playfully engage in many of the everyday tasks associated with tending a garden and vegetable garden. Between these tasks, there should of course be time for a break in a cosy corner of the garden - perhaps with a grilled chicken leg? This barbecue set is a Danish-made toy from dantoy, made from plastic that carries the Nordic Ecolabel. The set consists of 14 pieces in the pretty, calm colours of Green Garden. The recommended age group for this product is 2+ years.
