from **37,55 EUR**

Item no.: 374625
shipping weight: 1.50 kg
Manufacturer: dantoy

Product Description

The whale Valborg, as the seesaw is called, invites 1, 2 or 3 children to seesaw. Valborg can be decorated with the included sticker sheet with small fish, corals and eyes to make it even more lively and colourful. The seesaw from Blue Marine Toys, like all the other toys in this range, is made from recycled plastic that comes from maritime equipment such as nets, trawls and ropes. These leftover materials are processed into toys in the Danish town of Hobro as a preventative measure to reduce the amount of marine waste in the oceans. The seesaw from the Blue Marine series invites children to play with sand and water in nature - a nature that we must take special care of and protect. The seesaw is a dantoy toy made in Denmark from recycled material left over from maritime use. The seesaw is a beautiful shade of blue like the sea, although the colour may vary slightly depending on the material. The recommended age group for this product is 1.5 years to 5 years.

Details- Age group 1.5 - 5 years: The recommended age group for this toy is 1.5 - 5 years- Recycled fishing equipment: This toy is made of plastic from recycled fishing nets, trawls and ropes, among other things- Sustainable toy made from recycled materials from the fishing sector- Produced in Denmark- Contains no harmful substances- Can be washed by hand
