## 5611 - organic plant set with watering can

## from 29,05 EUR

Item no.: 374562 shipping weight: 0.40 kg Manufacturer: dantoy

## Product Description

A great plant and play set in one, with which children can give free rein to their green fingers and let vegetables sprout and grow. The shovel for digging up the soil, the watering can for watering the seeds and the plant labels so that you don't forget what you have sown and where: This set is suitable for growing plants as well as for playing, for example in the sandpit. Watch the exciting development of the plant together and experience how everything sprouts and grows to become a beautiful flower or tasty vegetable. It can easily be expanded with other sets from the BIO universe, all of which consist exclusively of toys made from recyclable organic plastic in pretty, natural colours. The BIO range invites children to play indoors and outdoors - whatever the weather. The toys are suitable for sun, snow, sand and water. The plant set is an organic plastic toy made in Denmark by dantoy, which carries the Nordic Ecolabel and is made from 90% sugar cane, a residual product of sugar production. The set consists of 7 pieces in beautiful organic colours. The recommended age group for this product is 2+ years. Age group 2+ yearsThe recommended age group for this toy is 2+ years. The Nordic EcolabelThis toy has been awarded the Nordic Ecolabel. Dishwasher This toy is dishwasher safe. Display boxThis toy is packed in a display box. Brown cardboard boxThis toy is packed in a brown cardboard box.
