

## Item no.: 374817 6970 - TINY BIO SAND SET 43 PIECES 10+ MONTHS

Item no.: 374817 shipping weight: 1.50 kg Manufacturer: dantoy

## Product Description

The large range of sand toys is ideal for playing and learning in the sandpit or on the beach. Playing outdoors with sand and water develops children's senses and motor skills. Role play with other children also strengthens social skills. The tiny BIO sand play range is made in Denmark from organic plastic, a sustainable raw material consisting of 90% sugar cane, and has been awarded the Nordic Swan for this. The sand play assortment consists of many different parts that give it a high play value. Particularly suitable for children's facilities. All parts are in muted, natural colours and are dishwasher-safe. From 10+ months. The Nordic EcolabelThis toy has been awarded the Nordic Ecolabel.Age group 10+ monthsThe recommended age group for this toy is 10+ months.DishwasherThis toy is dishwasher-safe.Brown cardboard boxThis toy is packaged in a brown cardboard box.Stimulates the imaginationRecommended for stimulating the imaginationStrengthens social skillsRecommended for developing social skillsMotor disorderRecommended for developing motor skills
