Product Description

A tea set in the most beautiful colours of nature. There's plenty of opportunity to invite cuddly toys, grandparents, siblings and secret friends to a cosy tea party in the open air. The table can be finely set for up to 4 people with plates, cups and spoons - ready for a portion of cake, juice or whatever is on the menu. Perhaps fruit and berries from the garden for dessert? There are no limits to the imagination. Of course, the game can be expanded with other Green Garden sets, all of which encourage play, learning and exploration at home. The Green Garden universe invites children to playfully engage in many of the everyday tasks associated with caring for a (vegetable) garden. Between tasks, there should of course also be time for a break in a cosy corner of the garden - perhaps with a cup of tea in the warm sun. The tea set is a Dantoy toy made in Denmark from plastic with a swan label. It consists of 16 pieces in the new, calm Green Garden colours. The recommended age group for this product is 2+ years.
