## 4920 - BMT TIPPER, L: 28 CM

## from 19,37 EUR

Item no.: 374611 shipping weight: 0.50 kg Manufacturer: dantoy

## Product Description

A cool dump truck with a large loading area and space for lots of sand or other things that need to be transported. It offers plenty of opportunity for imaginative role play and sensory exploration in nature with sand and water. Like all the other toys in the range, the Blue Marine dump truck is made from recycled plastic, which comes from maritime equipment such as nets and ropes. These waste materials are processed into toys in Hobro instead of ending up in the oceans. The Blue Marine series invites children to play with sand and water in nature - nature that we need to look after and protect. With Blue Marine, dantoy is taking a sustainable, preventative measure to do just that. The content of the series is based on the maritime world and the actual creation process of Blue Marine toys. This applies from the collection and dispatch of used equipment through to sorting, conversion, recycling and production. The lorry comes into play in several places. The dumper truck is a Danish-made toy from dantoy that is made from recycled leftover materials from used marine goods. It is available in the beautiful Blue Marine colours, which may vary slightly due to the production process. The recommended age group for this toy is 2+ years. Dishwasher: This toy is dishwasher safe.- Blister packaging: This toy has blister packaging. Sustainable toy made from recycled fishing equipment- Made in Denmark- Contains no harmful substances- Machine washable
