## 4935 - BMT EARTH/GRAVEL LORRY L:46 CM

## from **31,95 EUR**

Item no.: 374614 shipping weight: 1.50 kg Manufacturer: dantoy

## Product Description

A big, cool tipper lorry with space for lots of sand or other items that need to be transported on the loading area. With its cool double wheels, this tipper lorry can drive through any terrain. This lorry offers plenty of opportunities for imaginative role play and sensory exploration in the sand and water in nature. Like all the other toys in this range, the tipper truck from Blue Marine Toys is made from recycled plastic, which is obtained from maritime equipment such as nets and ropes. These residual materials are processed into toys in the Danish town of Hobro instead of ending up in the oceans. The Blue Marine series invites children to play with sand and water in the great outdoors - in a natural environment that we must take care of and protect. With Blue Marine Toys, dantoy is setting a sustainable, preventative example for precisely this. The content of this series was inspired by the maritime world and the manufacturing process of the Blue Marine toy itself. This applies to the collection and transport of the used material as well as to the sorting, processing, recycling and production. For the lorry, this applies several times in the process. The tipper lorry is a toy produced in Denmark by dantoy, made from recycled waste material from maritime use. It comes in pretty blue marine colours, which may vary slightly due to the production process. The recommended age group for this product is 2+ years. Deshwasher: This toy is dishwasher safe. Sustainable toy made from recycled materials from the fishing sector - Produced in Denmark- Contains no harmful substancesExpertise- Card: This toy is packaged on a card. Stimulates the imagination. Recommended for improving hand-eye coordination
