Product Description

With its high-quality design including LED light, the SOJUS English-labelled floor-standing globe creates an attractive eye-catcher in private living areas as well as in business premises. The sturdy base, the chrome-plated metal frame and the shiny globe with its relief-like mountains radiate maximum exclusivity. Available in four versions, the globe adapts to a wide variety of room concepts. Globe with 43 cm diameter and base, integrated lighting, chrome-plated metal base, total height 1.32 m, topographical map with map relief, movable axis, plastic / metal, glossy, blue / green. High-quality finish: Luminous floor globe with a total height of 132 cm, rotatable on a sturdy chrome-plated metal frame. Impressive design and high-quality surfaces. Additional features: black cable with Euro plug and switch. Attractive design: SOJUS LIGHT LED globe (43 cm diameter) with illuminated physical map image. The country areas are green-brown and the oceans are blue. The globe is labelled in English and shows continents, countries, oceans, geographical zones, important cities, deserts and mountains. Functional and decorative: Integrated LED lighting with warm light combines geography with a cosy atmosphere. Creates a pleasant environment and the illuminated standing globe attracts attention. Added value: With its realistic details and high-quality workmanship, the globe is not only a decorative element, but also an educational tool for curious minds of all ages.
