These sessions include visualisations, breathing and relaxation exercises and guided meditations. All sessions have been designed and delivered by sleep experts specialising in child relaxation. The 128 calming visual journeys take children to different destinations (an island, a desert, a forest...), guided by an animal of their choice. Each animal represents a different facet of emotion, be it self-confidence, enthusiasm, wisdom, generosity, happiness, courage, curiosity and independence. It helps children to develop their self-confidence, improve their concentration and encourage their emotional versatility. Suitable for 3 - 8 years | Playing time 8 - 16 minutes | Packaging 220 x 150 x 92 mm
