Product Description

A DESIGN THAT BRINGS PEPPER TO THE TABLETwo flatterers that want to stand out at the table. The classic salt and pepper shaker set not only shines with its polished stainless steel, it also scores points with its beautifully organic shape, which resembles a falling drop of water. There is a practical refill opening with a silicone stopper at the bottom. The multi-award-winning design by Mario Taepper can also be wonderfully combined with the milk and sugar dispenser from the VERSO series. As a gift? Or maybe you'd rather keep it yourself? No further questions remain unanswered. - Material: mirror-polished stainless steel- Weight: 150 g- Length: 11 cm- Width: 5 cm- Height: 7 cm
