Product Description

SKANDINAVIAN COOL AND STILL SO WARM Even on stormy evenings, the lights don't go out with SALLY. The lantern with the heavy base made of titanium-coated stainless steel copes perfectly with the occasional stiff breeze on clear autumn evenings. On the patio or balcony, the thick, hand-blown glass cylinder offers reliable protection. And there's no question that we're also on fire when it's completely calm indoors.- Material: black chrome-plated stainless steel - borosilicate glass- Weight: 1.25 kg- Length: 11 cm- Width: 11 cm- Height: 16 cm
