Item no.: 334152

shipping weight: 1.50 kg

Manufacturer: J.Tiedemann Manufaktur & Design

Product Description

Wax torch: Dawn - Garden torch made of stainless steel (wax)

In a complex process, the surface of the material is treated to make it dirt-repellent so that it has a long service life. If after many years the material becomes matt, it can be easily repolished with stainless steel cleaner. The delivered sculptures will have small deviations to the shown unique specimen, because they are handmade. Through years of experience the quality is always the same.

The company Tiedemann Manufaktur und Design was founded in 1985 and has been producing figures and sculptures for house, terrace, balcony and garden for about 15 years. All articles are produced exclusively in Germany and leave the manufactory after careful examination. This company has made it their business to deliver the best quality and the most beautiful design at a good price.

The torch is supplied with a wax insert which can be filled with candle residue after being liquefied. If you add a few drops of lemon oil to the wax, you can banish the insects with the scent and can enjoy the evening undisturbed. Without the wax insert, the sculpture can be used as a bird bath.

- Made of high quality stainless steel. The fire torch is suitable for the garden, balcony and terrace.
- Height approx. 160 cm.
- Comes with a wax insert and weather protection cover.
