Product Description

Product description This pretty soap dish is a handmade accessory from India. Untreated, unpainted neem wood was deliberately used. The soap dish fits perfectly into your bathroom made from sustainable materials and natural products. Thanks to the practical drainage holes, your soap dries quickly. In addition to its aesthetic beauty, neem wood also offers practical benefits. It is naturally antibacterial, so your soap dish stays hygienic and is easy to clean. The wood is resistant to scratches and stains. **Tip:** The soap dish is made from untreated wood. This means that sooner or later it will show signs of wear due to the damp environment (soap and washbasin). If you clean the soap dish occasionally under running water and rub it with olive oil after drying, you will be able to enjoy it for a long time. The oil treatment gives the soap dish a beautiful patina and is harmless as it is edible oil. A handmade soap dish made from untreated neem wood, produced in India, is not only a pretty accessory, but also a sustainable and natural element for your bathroom. **Dimensions:** 11.6 x 7.6 x 2.1 cm **Material:** Neem wood **MX927 Sustainability-** Fair & social- Resource-conserving- Natural product **Properties-** We recommend cleaning by hand- From sustainably managed forests
