Product Description

Soap dish NATURAL NEEM Product description This pretty bathroom accessory combines sustainability and functionality. This soap dish is perfect for those who value natural and sustainable products. The drainage holes in the base of the dish ensure that your soap dries quickly and therefore lasts longer. In addition to its aesthetic beauty, the neem wood dish also offers practical benefits. It is naturally antibacterial, making the bowl hygienic and easy to clean. Neem wood is also resistant to scratches and stains. To ensure that the bowl remains in good condition for a long time, we recommend cleaning it occasionally under running water and rubbing it with olive oil after drying. This gives the bowl a beautiful patina and keeps it in perfect condition.
