Product Description

Our salad servers made of natural neem wood impress with a timeless design for a unique accent when serving a delicious salad. The set is hard-wearing and is also ideal for food preparation. In addition to its aesthetic beauty, neem wood also offers practical benefits. It is naturally antibacterial, which means that your utensils are easy to clean. The wood is also resistant to scratches and stains. To ensure that your salad servers stay in good condition, we recommend cleaning them occasionally under running water and rubbing them with olive oil after drying. This gives the wood a beautiful patina and keeps it in perfect condition.
