### Product Description

#### Christmas tree SPIRA SLIM

Brand new member of the Spira family is a 190 cm tall slim tree. The same width of the base and size of the box as Spira Large, yet significantly larger, it is a perfect Christmas tree to attract attention.

The Spira Christmas tree is made of laser-cut plywood and a wooden stand. With its inventive packaging, the entire tree can be assembled and disassembled in a minute and packed in a 5 cm high cardboard box.

Spira is quick to set up and requires no tools. Simply assemble the stand, take the spiral with the support board and place it over the pole. Proceed carefully, you can pass it on to your grandchildren.

Spira is a product made with love under the Alps. It is handmade by skilled craftsmen. We only make what inspires us and what we are truly passionate about. We focus on every detail and have made it our mission to develop technical perfection. Nothing is left to chance.
