Product Description

Create a cosy atmosphere with a stainless steel garden torch. With the right decoration, the garden becomes an open-air living room and the scene of family life in summer, but also an individual wellness oasis. Create an inviting and cosy atmosphere for the evening hours too. A garden torch is ideal for this. It radiates warmth and becomes a special eye-catcher thanks to the elaborate motif design. Every torch you find from us is made of stainless steel and is therefore not only particularly durable, but also absolutely weatherproof. Unique details make every torch from our manufactory. We use modern laser cutting for both the fireball and the garden torch, which allows us to pay attention to unique details in the designs. This results in lovingly crafted torches that pick up on natural motifs as well as the characteristics of a region. We supply the garden torch with a wax insert so that you can use it straight away. To ensure that you can enjoy your garden torch for a long time, we treat the stainless steel surface with an elaborate process. This makes it particularly dirt-repellent and ensures that you can enjoy your torch for a long time. Design and quality from Germany, manufactured in a facility for people with disabilities. We want to inspire you with the unique quality of every Wattenmeer torch. For this reason, we have focussed on consistent and high-quality production since our foundation in 1985. The stainless steel garden torches are made by hand in a factory in Görlitz where people with disabilities work. Here it is possible to monitor and skilfully implement our quality requirements. Our torches only leave the factory after a comprehensive inspection and are sent on their way to the customer. Not only high quality, but also a unique design is important to us. Torch, for beautiful and cosy evenings. Torch for beautiful, cosy, romantic evenings; simply enjoy the evening with your partner in the glow of the garden torch. Fireballs and torches with your favourite motifs. The motif becomes even more striking in the dark. The garden torches take up very little space and fit easily on the patio or balcony. The rod is divided into two parts and can be attached to the balcony railing using only the upper part of the rod. Brighten up your barbecue or birthday party with the stylish stainless steel garden torch, which will also drive away insects. Ideal for: Garden torch as a valuable surprise for a barbecue, garden and housewarming gift for a birthday, for grandma, grandpa, boyfriend, girlfriend, spouse and all friends. - As it gets darker, the motif of the Wadden Sea coast torch becomes more and more interesting - Decorative fireplace for anyone who likes candlelight and wants to light up the evenings - The stainless steel torch is timeless with the motif design - The garden torch is made in Germany, the high quality is always the same - The motif of the stainless steel torch is cut out with a laser and is therefore very unique, detailed and one-of-a-kind. Your benefit - The torch is weatherproof and rustproof - High quality, made in Germany - Fire torch or fire ball, Wadden Sea for the garden, terrace and balcony, requires very little space - Motif torch made of high-quality stainless steel (V2A) weatherproof and rustproof - Repels annoying insects - The rod of the garden torch can be divided in the middle and can be attached to the balcony railing or flower pot in the "short form" - The torch is supplied with a wax insert and has a diameter of 14 cm, impresses with a burning time of approx. 26 hours. Dimensions - Garden torch height approx. 165 cm, diameter 14 cm - Shipping weight: 1.10 kg Material- V2A stainless steel
