Kailu M dusty coral matt

from **40,73 EUR**

Item no.: 352780
shipping weight: 0.30 kg
Manufacturer: KED Helmsysteme

Product Description

Look like a full-grown mountain biker: KED has adapted the popular KAILU MTB helmet to children's sizes. The cool design in combination with the low weight and the great ventilation through 23 openings make children almost forget that they are wearing a helmet. Thanks to the K-FIT adjustment system, the helmet also fits snugly. And if the little mountain bikers overestimate themselves, the safest helmet technology "Made in Germany" ensures optimal protection. Two reflectors and the integrated LED rear light ensure maximum visibility.

- Weight: 290 g
