Item no.: 336206
shipping weight: 0.30 kg
Manufacturer: KED Helmsysteme

Product Description

Meggy II Trend S/M, dots retro

There can be no doubt that the helmet is by far the most important part of a cyclist's equipment. Reason enough to concentrate on one central task: developing and producing optimal head protection systems.

Children's bicycle helmet with maxSHELL(R) technology, QUICKSAFE(R) adjustment system with reflector, insect protection net, buckle clip with chin pad, 5 - 8 ventilation openings and tested according to EN 1078.

- MAXSHELL(R): Apart from helmets with Inmold technology and the MIPS system, we also offer helmets using the maxShell(R) process, which are produced exclusively in Germany. The maxShell(R) technology provides an increased elasticity of the bond between the helmet's top shell and its down shell, which has a positive impact on the shock-absorbing properties.
- QUICKSAFE(R): Our QUICKSAFE(R) system is a tried-and-tested system that has proven itself millions of times over. It provides optimal operating comfort and in all of our Meggy II helmets for maximum safety on the road. Precisely-graduated fine adjustment in both directions with a single turn.
- Colour: dots retro
- Size: SM (49 cm - 55 cm)
- Weight: 270 g
- Certificated EN 1078
