Product Description

- Stainless steel and natural stone, frost-resistant with sisal hair.- Height approx. 40 cm.- The surface of the material is hardened and treated to be dirt-repellent. - No two stones are the same, deviations from the photo emphasise the craftsmanship. - Very high quality craftsmanship that will bring a smile to your face.- Made in Germany- An exclusive gift for friends and acquaintances, uniquely suited to the garden, patio or balcony.Stainless steel leaves no rust stains on the patio stones. The figures are water, rust and frost resistant. The surface of the material is hardened in a complex process and treated to be dirt-repellent, so that the sculptures have a long service life. If the material becomes dull after many years, it can simply be polished with stainless steel cleaner. The figurines will vary slightly from the unique piece shown, as they are produced by hand. Years of experience mean that the quality is always the same. We source the most beautiful hand-picked stones from many parts of Europe. No two stones are the same in shape and colour. The company Tiedemann Manufaktur und Design was founded in 1985. We have been producing figures and sculptures for the house, terrace, balcony and garden for around 15 years. All items are produced in our workshop in Germany and leave the factory after careful inspection. We have made it our mission to deliver the best quality and the most beautiful design at a good price.
