Product Description

- Daisy - stainless steel duck, approx. 30 cm tall. It has a stone head, waddling feet and a cheeky little grin. - Handcrafted sculpture made of rustproof, weatherproof stainless steel and a natural stone body.- The surface of the material is hardened and treated to be dirt-repellent. No two stones are the same, each bird is unique.- High quality, made in Germany. - Gift for friends and acquaintances, for housewarming.- Stainless steel leaves no rust stains on the patio stones. The figures are resistant to water, rust and frost. The surface of the material is hardened in an elaborate process and treated to be dirt-repellent so that they have a long service life. If the material becomes dull after many years, it can simply be polished with stainless steel cleaner. The figurines will vary slightly from the unique piece shown, as they are produced by hand. Years of experience mean that the quality is always the same. We source the most beautiful hand-picked stones from many parts of Europe. No two stones are the same in shape and colour. The company Tiedemann Manufaktur und Design was founded in 1985. We have been producing figures and sculptures for the house, terrace, balcony and garden for around 15 years. All items are produced in our workshop in Germany and leave the factory after careful inspection. We have made it our mission to deliver the best quality and the most beautiful design at a good price.
