Product Description

Around 4,000 years ago, various species of mammoth were sighted around the world, the last mammoth was seen around 3,600 years ago. Scientists can determine the age of a mammoth by the number of rings on its tusks, which can be up to 4.3 metres long! Good for nature AND for you! EUGY not only encourages creativity, but is also environmentally friendly. So go ahead... bring your wilderness home! We have won a Red Dot Award! The Red Dot is the award for high design quality. Only products that are characterised by outstanding design are awarded the coveted seal of quality by the international jury. Our core values are goodwill towards nature and life, refined quality and beautiful design. We are delighted that our beautiful design has now been recognised by a prestigious international design award, the Red Dot. Our products comply 100% with international safety standards (EN71-1,2,3 and CPSIA). An EUGY pack contains 7 flat cards with individually numbered parts that you can assemble yourself.
