650038 - 3D craft kit turtle (MQ6)

from **8,87 EUR**

Item no.: 392114
shipping weight: 0.10 kg
Manufacturer: Eugy

Product Description

Sea turtles are an amazing and resilient species that have been around for over 100 million years! While their behaviour on the coast, such as their nesting behaviour, is well studied, much of their time underwater remains unknown. Sadly, all subspecies of sea turtles are threatened with extinction, some even facing extinction. To help where we can, we have teamed up with the Sea Turtle Foundation, a non-profit organisation that helps these species through research, education and action. 10% of the direct sales profit of the Turtle EUGY from New Zealand, Australia, the United States and online will be donated to the Sea Turtle Foundation. Good for nature AND for you! EUGY promote creativity and are environmentally friendly at the same time. So go ahead... bring your wildlife home! We have won a Red Dot Award! The Red Dot is the award for high design quality. Only products that demonstrate outstanding design are honoured by the international jury with the coveted seal of quality. Our core values are goodwill towards nature and life, refined quality and beautiful design. We are delighted that our beautiful design has now been recognised by a prestigious international design award, the Red Dot. Our products comply 100% with international safety standards (EN71-1,2,3 and CPSIA). An EUGY pack contains 7 flat cards with individually numbered parts that you can assemble yourself. *Please note that the product may be updated without prior notice. The actual product may differ slightly from the pictures. (*below pictures are sample instructions) Assembly instructions 1. Press each piece out of the perforated card 2. Apply glue to each piece 3. Assemble in numerical order And... Bring Your Wild Home!
