from **8,70 EUR**

Item no.: 392121
shipping weight: 0.20 kg
Manufacturer: Eugy

Product Description

Polar bears are the largest land predators on earth, but spend most of their time in the water or on the ice. As the Arctic sea ice is melting due to climate change, polar bears are becoming increasingly endangered. That's why we at dodoland (Greaurenz Ltd.) are donating 10% of the profits from this model to a fund that directly helps the bears. Good for nature AND for you! EUGY not only encourages creativity, but is also environmentally friendly. So go ahead... bring your wilderness home! We have won a Red Dot Award! The Red Dot is the award for high design quality. Only products with an outstanding design are honoured by the international jury with the coveted seal of quality. Our core values are benevolence towards nature and life, refined quality and beautiful design. We are delighted that our beautiful design has now been recognised by a prestigious international design award, the Red Dot. Contains Our products are 100% compliant with international safety standards (EN71-1,2,3 and CPSIA). An EUGY pack contains 7 flat cards with individually numbered parts that you can assemble yourself. *Please note that the product may be updated without prior notice. The actual product may differ slightly from the pictures. (*below pictures are sample instructions) Assembly- Press each part out of the perforated card - Apply glue to each part - Assemble in numerical order And...Bring Your Wild!
