Product Description

Holstein-Friesian cows are easily recognized by their distinctive black and white markings. The black spots absorb more environmental and solar radiation, whilst the white markings reflect this radiation. Moo Facts! Just like human fingerprints, no two cows have the exact same pattern of spots. Our EUGY Holstein-Friesian cow has a world map for its unique spot & is carrying his friend from the farm on his back! Good for nature AND for you! EUGY encourage creativity as well as being environmentally friendly. So go on...bring home your wild! We won a Red Dot Award! The Red Dot is the distinction for high design quality. Only products that demonstrate outstanding design are awarded the coveted seal of quality by the international jury. Our core values are goodwill towards nature and life, refined quality and beautiful design. We are thrilled that our beautiful design is now recognised by a respected international design award, Red Dot. Includes Our products conform 100% to international safety standards (EN71-1,2,3 and CPSIA). A EUGY pack contains 7 flat cards with individually numbered pieces, all ready for you to assemble. *Please note that the product is subject to updates without prior notice. The actual product may slightly vary from images. (*below images are sample instruction) How to assemble: 1. Push out each piece from the perforated card 2. Apply glue to each piece 3. Assemble in numerical order And..Bring Home Your Wild!
