Product Description

Versatile wooden rack Our versatile wooden rack is the ideal solution for tidily storing coats, jackets, shoes and other important items near the entrance. The rack has a leather pocket for smaller items, an upper area for hanging clothes and a lower shelf for shoes, combining functionality and elegance in one design. A wooden rack for all sorts of things Stikke is a family of wooden racks for all those things you don't know where they belong and that usually end up on the chair. Admit it, we all have at least one chair in our home that is covered with clothes and other things that we don't know where they belong. That's why we have developed Stikke racks, which come in different shapes and sizes. Stikke wooden racks are simple and functional solutions that come in many varieties. Trousers, belts, coats, umbrellas, slippers, dog leashes and other items find a new place to hang on a stylish wooden stand that is not only functional but also space-saving. Stikke products are easy to assemble and conveniently stored in compact packaging for hassle-free shipping - Height: 175 CM - Width: 75 CM - Weight: 7.5 KG
