Product Description

Woodrow waste bin, natural/grey

Two-tone wooden wastepaper basket for office, bathroom, living room and more.

Turn an everyday household item into a modern and contemporary piece of furniture. We present the Woodrow litter bin by Umbra. Made of naturally treated wood, Woodrow warms and grounds its surroundings, although its real function is that of a waste bin. With Woodrow you can create a modern and refined decorative accent in your bathroom, office, living room and guest toilet in no time at all. This two-tone waste bin fills every room with modern and contemporary aesthetics.

Made of naturally treated wood, the bin with a coloured exterior offers a modern and attractive alternative to the classic litter bin.

Woodrow is available in a wide range of colours, the inside always comes in natural wood colour. Woodrow's integrated handles make carrying and emptying particularly comfortable and easy. Woodrow measures 23 cm in diameter and 28 cm in height and with its capacity of 7.5l is particularly suitable for small rooms.

About Umbra: Umbra is an internationally operating design company known for original, modern, cool, functional and affordable products for home & living.
