Product Description

CARREAU is the key ring for Formula 1 drivers, astronauts and budding secret agents. Made of genuine leather with an embossed carbon look for a decidedly masculine, sporty look. In addition, dark polished nickel, implemented in a rarely elegant straightforwardness, ultimately simple and inconspicuous. The clip can be quickly and easily attached to the agent's parachute, the on-board computer or (depending on the day's requirements) simply to the belt loop. Understatement at its best, the gift for real men. Granted, it's just a key ring - but what a key ring...
