Product Description

Santa's Shop, miniature

The Christmas shop presents a diverse selection of porcelain miniatures with Christmas motifs. Everything from a tray with a complete service up to a sauce boat is available. A nutcracker, a Christmas tree and wreaths give this Christmas shop its very special Christmas flair.

The filigree workmanship and the attention to detail give Reutter's wall boxes their very special flair. The wall boxes inspire people all over the world and often arouse a previously unknown passion for collecting. The wall box has a hanger on the back which makes it easy to attach it to a wall.

For more than 60 years, Reutter have been producing their large porcelain collection themselves. In porcelain miniatures, they are the only ones in Germany. The attention is entirely on the detail. During the manufacturing process, the porcelain items pass through the hands of up to 17 skilled craftsmen: after casting, they are glazed, painted and then fired as many as three times to give them their characteristic Reutter look. It is this tradition of craftsmanship which won Reutter friends all over the world.

Reutter is constantly working on rounding off and completing their collection of miniatures. They consistently succeed in inspiring collectors from all over the world.
